Newsletter & Events

Many of our members may not be aware of the crisis facing outdoor pools. Sylvan prides itself on providing its members with a pool that is well-maintained, clean, adequately staffed, and affordable. While some membership pools offer many options with pricing it is our belief to keep our pricing structure simple, though we are willing to take suggestions. Our current rates are below and have been below most pool membership fees,

Some may argue the affordability, but where else can you go everyday from Memorial Day through Labor Day and enjoy fun in the sun for \$310.00. Broken down by day, that comes out to \$3.05 per day for a family. Also, for that \$310.00 our members are getting a facility that is staffed by trained lifeguards, cleaned and maintained mainly by volunteers as well as a well balanced concession stand.

That being said, Sylvan can only survive with the help of its members. As members you are part owner of the pool and we ask that you take pride in your stake of Sylvan. If you see trash on the deck, pick it up. Weeds growing around our painted rocks, pull them out as we can't use chemicals in or around the pool. Our staff and board are not paid to prep the pool for the season. It takes many hours of manual labor to get the pool ready for opening day. If you have some spare time this spring come down and offer your help. There is always massive cleaning and painting projects needing completed. There are always benches to be painted or leaves to rake from the fence line just to name a few.

Let's make 2022 a positive year for our pool, so Sylvan Park is here for years to come.
